No.11041/218/2007-Admn.

15.7.2008

POLICY MATTERS : TECHNICAL (13/2008)

(Decision taken on Admn.'s File No.11041/230/2007-Admn.)

Sub: Evolving a procedure to check the authenticity of documents submitted by the consultants

There have been instances in the past where some of the consultants while submitting bids for preparation of Detailed Project Reports (DPR) or for Supervision Consultancy of Civil Works have furnished incorrect / inflated bio-data of some key personnel with a view to improve their technical score. Even though age and qualification certificates are now being insisted in such submissions, it is very difficult to verify the credentials with respect to experience since the concerned personnel might have worked in different organizations / projects in India or any where in the world. This issue has been deliberated in the 22nd Weekly Meeting of Chairman and Members held on 4.6.2008 and the following decisions were taken:

- (a) Bio-data of key professionals of the selected bids for DPR preparation, Supervision Consultancy of Civil Works and Independent Consultancy for BOT Projects be hosted on the website for information of all concerned. The concerned agencies (supervision consultants and design consultants) will be liable for any incorrect information. This requirement will also be included in the RFQ document for projects to be bid henceforth.
 - (b) To write to preceding two employers for verification of credentials regarding Team Leaders, Senior Highway Engineers and Bridge Engineers for all selected bids for DPR, Supervision Consultancy works and of Independent Consultant for BOT projects.
2. This will be reviewed after six months.
