**POLICY MATTERS: TECHNICAL (01/2007)**

[Decision taken on BOT Division's note]

**Sub: Relaxation in qualification criteria for Survey Engineer engaged by Independent Consultants as sub professional staff on ongoing BOT Project.**

Keeping in view the severe shortage of Surveyors with Engineering Degree and the fact that very few graduate engineers choose surveying as a career, it has been decided to allow the Independent Consultant to field diploma holders as Survey Engineers subject to them having the experience of at least 10 years in the field of surveying out of which at least 5 years should be in Highway Projects and they should have also dealt with at least one project of similar nature and have experience with modern computer based method of surveying with total station and digital level.

2. The remuneration in case of diploma holder fulfilling the above criteria, if proposed by the Consultant would be reduced by 5 % from the remuneration quoted by the Consultant in the Financial Proposals.

3. This issues with the approval of Chairman, NHAI.
