**Subject: Access Permission for approach road to new Retail outlets along National Highways.**

Sir,

Please refer to Ministry's letter No. RW/NH-33023/19/99-DO-III dated 17.10.2003 regarding guidelines for "Norms for the Access for Fuel Stations, Service Stations and Rest Areas along National Highways". During examination of the NOC proposals for new retail outlets it has been observed that in absence of some information the proposals could not be appreciated properly. Keeping in view of the existing Ministry's guidelines, the following additional information should also be furnished alongwith the proposals to be forwarded to the Ministry:

*22/4/05*

*16/22/CGM*

*26/4-05*  
*MSZ (Ad-211)*

*26/4*

- (i) Index Map of the State showing the location of proposed retail outlet on the concerned NH.
- (ii) In case of divided carriageway, the location of the median cut from the proposed retail outlet shall be furnished.
- (iii) It has been observed that most of the NOC proposals' drawings & check list received from NHAI are being signed by the NHAI's consultants and their Project Directors. As per Ministry's guidelines, signature of Consultants is not required on the drawings & relevant documents. As per para 10.2 of the Ministry's guidelines, *the field units of NHAI would examine the drawings and documents to ensure that the location and layout conform to Ministry's norms.* It is, therefore, requested that all drawings & documents should be forwarded to the Ministry duly signed by a NHAI officer not below the rank of Project Director only

The receipt of this letter may be acknowledged.
