NHAI/13013/3/03-04/CMD-CO/Policy on Toll

11 Nov 2003

### **CIRCULAR NO: NHAI/COMMERCIAL OPERATION /33**

#### **SUB: RECORDING OF MOVEMENT OF ALL TYPE OF VEHICLES**

*It has been observed that most of the PIUs/ CMUs engaged in collection of fee are not ensuring to record movement of all types of vehicles crossing the toll plazas. e.g. subsequent movement of vehicles already having multiple journey ticket or monthly pass or claiming exemption, are not being recorded. Requisite changes in the software "TOLL MAN" have already been carried out to capture such details. The practice of capturing such details manually by entering the data in a register should also be immediately replaced by capturing such details in the computers wherever already installed. Otherwise, such data could be recorded manually in a register.*

*In case, extreme lanes being used for such movements do not have computers/booths, necessary action be initiated for procurement of the same in consultation with concerned division (e.g. IT Division for computers, CM Division for booths) at HO*

*This would also enable proper reconciliation with the figures of vehicles reported by Independent Toll Audit Equipments already installed/to be installed.*

*Please ensure strict compliance.*

*This issues with the approval of the Competent Authority.*
