NHAI/13013/3/02-03/CMD-CO/Policy on Toll(Vol-V

16th August, 2004

CIRCULAR NO: NHAI /COMMERCIAL OPERATION/45

Sub: Immediate Installation of booth and computers in exempted lanes

It has been observed that in some of the plazas, there is no booth in exempted lane(s). Consequently, the vehicles passing through such lanes are recorded either manually or are not being recorded at all. It has been decided that

- (a) a booth will be installed in each of such lanes; and
- (b) a computer and printer will also be provided there.

2. For procurement of booth(s), the Project Director may approach supplier of other booths and a variation is permitted to this extent or may invite offers from minimum three parties and ensure immediate installation.

3. For installation of computer and printer, the Project Director may send a proposal immediately to IT Division so that they can make necessary arrangement in this regard.

4. All arrangement must be made within 30 days from the date of this circular and compliance may be reported to Head Office.

5. For future planning and procurement for plaza to be constructed, all lanes must have a provision of a booth with computer and printer.

This issues with the approval of Competent Authority.
