COMMERCIAL OPERATION CIRCULAR - 125

All efforts are being done to ensure that the open competitive bids for Toll Plazas are finalized at the earliest. Departmental collection on Toll Plazas by Project Directors will continue till successful bidders takes over. Strict vigilance and watch needs to be kept on departmental collection so that revenue does not go down.

It is being observed from the monthly collection reports that revenue collection is on the decline at some of the toll plazas including those being directly managed by the Project Directors departmentally. It reflects that Project Directors are not giving due importance to the revenue collection work.

It is therefore, enjoined upon all concerned Project Directors and Regional Officers to keep strict vigil and watch on toll collection so that revenue does not go down. Further all concerned Project Directors are hereby directed to communicate daily toll collection figures to Head Office through Regional Office for further analysis & comparison. Regional Officers are also requested to give top priority to review the revenue collection work.

(Abdul Ali)
General Manager (CO)
