No. 11041/217/2007-Admn.

February 28, 2008

POLICY MATTERS: ADMINISTRATION/FINANCE (29/2008)

(Decision taken on LA Division file No. NHA/LA/Audit/2008)

Sub: Database of acquired land.

Internal Audit Committee of NHA has observed following issues/anomalies pertaining to land acquisition: -

- a) Gaps between PIU's Bank accounts for disbursement of compensation and Form CC (containing signatures/receipts from recipients of compensation).
- b) Non-availability of title –deeds over acquired land
- c) Lack of details of village wise break-up of compensation released
- d) Lack of details of Court cases arising from land acquisition.

2. Internal Audit have opined that aforementioned situation poses high risks for prudent financial management and have accordingly advised creation of a suitable database for acquired land, containing following details:

- a) Area acquired
- b) Compensation paid
- c) Availability of title-deed

3. PIUs/CMUs (being repositories of abovementioned data and being responsible for disbursement of compensation to affected landowners and taking land into possession of NHA) are hereby directed to create/compile the database as per format overleaf.

4. This issues with the approval of Competent Authority.
