POLICY MATTERS-Technical (203/2016)

(Decision taken in file No. NHAI/11013/RO-Patna/DGM/(LA&Coord.)/2016/FTS-88)

Sub: Delegation of Powers to Regional Officers, NHAI for approval of resources for removal/demolition of structure failing within project ROW-reg.

It is the responsibility of NHAI to provide encumbrance free land to the Concessionaires/Contractors within the time prescribed in the concession agreement or the contract. In some of the contracts there is no provision for demolition of structures falling within the Project ROW. It has been brought to the notice of NHAI HQ that in such cases it becomes difficult for NHAI to remove such structures leading to delay in removal of hindrances.

2. In connection with the above, it has been decided that Regional Officers may approve hiring of equipment and laborers for removal of hindrances within a project ROW, at applicable local schedule of rates for such purpose, upto an amount of Rs. 10.00 lakh (Rupees Ten Lakh) per project. However, RO shall ensure measurement of such structures alongwith videography for records.

3. This issues with the approval of Competent Authority in NHAI.
