POLICY MATTERS: TECHNICAL (62/2006)
[Decision taken on BOT II Division's note and weekly meeting dated 07.12.2005]

Sub: Shifting of utilities on BOT Projects

It has been decided with the approval of the Competent Authority that the work relating to shifting of utilities could be carried out through the concessionaire of the respective BOT projects on the rates/estimates approved by the concerned utility department of the State as already carried out for many projects because involvement of separate agency through competitive bidding may result in delay in implementation and contractual complications.
