### POLICY MATTER-TECHNICAL (152/2014)

(Decision taken on File No.NHAI/CM/Balasure-Chandikhole/O&M/2013)

Sub: O&M of 4/6 laned Corridors.

Ref: Policy Matter-Technical (135/2013) dated 31.05.2013

Issues relating to authorising ROs for sanction of emergent maintenance/special repair works and variation in individual items of contract have been deliberated upon. Competent Authority has approved as follows:-

#### I. Emergent works relating to repair :-

It has been seen that at times, there could be a stretch where O&M contract may not be in place and there may be an urgency to execute certain items of work. It has been decided to authorise ROs to sanction and carry out such emergent works upto a limit of Rs.50 lacs per year.ROs may invite short term tender (15 days) if needed in case of emergent works.

This authorisation to ROs will be subject to following:-

- (a) There is no O&M contract under operation at the time of invoking this authorisation.
- (b) The item of work involved is such that in case work is not executed, the safety on the stretch would be impacted.
- (c) RO will immediately notify the sanction issued by him to CM Division at HQs with full details.

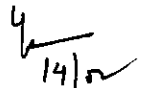

#### II. Variation in individual BOQ items :-

Existing DOP issued vide 11041/218/2007-Admn. dated 31.05.2013 is modified to the extent that the variation in quantity in individual items of works of a contract may be approved at RO level if overall sanctioned cost of estimate is not exceeded.

#### III. Implementation of OMT/O&M contracts :-

The ROs will carry out at least one inspection every month for each OMT/O&M stretch under his jurisdiction and issue an inspection note, copy of which be endorsed to the HQ.

2. This issues with the approval of Competent Authority.
